Hello

I'VE DONE THIS MORE TIMES THAN I CAN COUNT UNTIL I STARTED USING THIS...

A living room interior featuring a dark wood coffee table with a round glass top. On the table sits a vase of autumn leaves, a stack of books, and a small lamp. In the background, there is a light-colored sofa with a plaid blanket, a floor lamp with a white shade, and a window with blue curtains. The scene is decorated with autumn-themed items like pumpkins and dried leaves.

THE ONE-PAGE STYLE PROFILE

What Goes Into Your Style Profile?

This one-pager is your go-to reference sheet that keeps you focused and honed in on your personal style (versus what the consumer world wants you to like!).

In the following pages, you'll see an example of my style profile along with my inspiration board I use to stay on track when I'm out shopping for home decor.

I used images of my own house, but you can use images of whatever fits your style profile, whether that's from Pinterest or a photo on your camera reel.

If you haven't already gone through the *Create Your Style Profile* workshop series, I HIGHLY recommend it to help you more easily decorate your home.

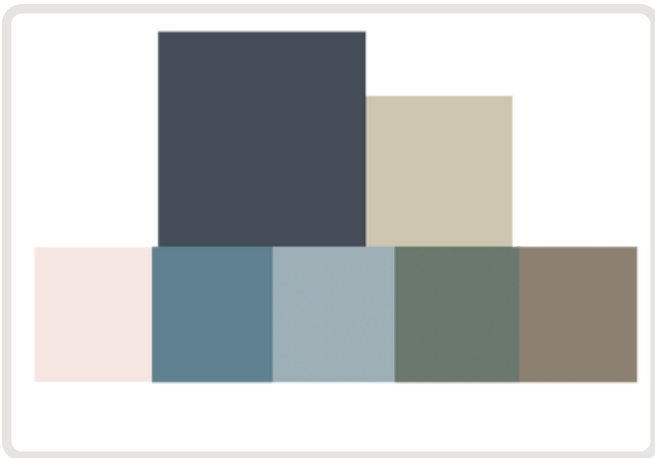

This will be the best thing you ever do to simplify your decorating choices, save money, and create a home you love.

My Style Profile

Inspiration...

Hi!! I'm Christin!

Back in 2015, I was overwhelmed with trying to get rid of blank walls and make our new home actually *feel* like us.

As a high school math teacher for 15 years, I was well-versed in problem solving, but decorating seemed like such an undertaking.

It wasn't until I found myself sitting on my living floor surrounded by over \$400 worth of home decor returns that I decided... enough.

That's when the CONFIDENT method was born - a repeatable formula for decorating that actually fits your unique style.

The first step to creating a home you can finally unwind in is to create your one-page style profile.

Now, I'm inviting you to join me in the [Create Your Style Profile](#) workshop series so you can *finally* stop playing the lottery with your home decor.

NEED HELP WITH YOUR 1-PAGER?
